

Jyoti Prakash Mohapatra

Frontend Developer | React.js, Next.js, TypeScript

jyotipm1999@gmail.com | +91-9337841077 | Kolkata, India | [LinkedIn](#) | [Github](#)

Professional Summary

Frontend Developer with **3 years of experience** in building scalable web applications using **React.js, Next.js(SSR), Vue.js, and TypeScript**. Skilled in **component-based architecture, REST API integration, state management, and performance optimization**. Experienced in **RBAC, authentication systems, and enterprise dashboards** with a strong focus on **clean, maintainable code and user experience**.

Work Experience

Associate Frontend Developer | Webspiders Group | Kolkata, West Bengal **Aug 2024 - July 2026**

- Built and maintained a **B2B procurement management platform**, developing core admin modules for inventory and order management workflows
- Implemented **RBAC with fine-grained permissions** and secure authentication using Auth0, securing access across enterprise-grade dashboards
- Architected scalable, reusable UI components using **Next.js(SSR), Vue.js/Nuxt.js & Tailwind CSS** across multiple client products, cutting new-feature build time by 50-60%
- Created **multi-step forms with Zod validation**, reducing form submission errors by 70%
- Reduced initial page load time from 4.3s to 2.6s (LCP) using **lazy loading, code splitting & optimized API calls**
- Automated recurring reporting workflows, cutting manual reporting time from hours to minutes
- Built a **subscription-based** payments flow for an **AI-powered news platform**, integrating **Razorpay**
- Built a modular Nuxt.js UI suite for an **AI chatbot customization product**, enabling non-technical users to configure chatbots without developer support

Software Engineer | Webreinvent Technologies | New Delhi, Delhi **Apr 2024 - July 2024**

- Built a shared library of 20+ reusable React components(Hooks, Context API) adopted by 10 feature teams, cutting average new feature build time by 35% and eliminating duplicate component code across the platform
- Increased development speed by 50% through systematic component reuse
- Implemented **unit tests (70+ components)**, reducing recurring QA-reported issues by 40-50%
- Improved page render speed by 3.9s to 2.4s using **code splitting and efficient rendering techniques**

Frontend Developer | PwC | Gurugram, Haryana **May 2023 - Jan 2024**

- Delivered **10+ operational dashboards** in React.js integrating **Chart.js** for 20+ internal stakeholders
- Automated reporting workflows, reducing manual effort by 70%
- Converted complex datasets into **interactive visual insights**, improving reporting clarity for 5+ stakeholders

Technical Skills

- **Languages:** JavaScript (ES6+), TypeScript
- **Frontend:** React.js, React Hooks, Next.js(SSR), Vue.js, Nuxt.js, Redux, Zustand, Pinia
- **Backend:** Node.js, Express.js
- **Styling:** HTML5, CSS3, SCSS, Tailwind CSS, Bootstrap
- **Validation:** Zod, Formik
- **Core Web Vitals:** LCP, FCP, INP, Lighthouse
- **APIs:** RESTful APIs, API Integration
- **Authentication:** JWT, Auth0, RBAC
- **Testing:** Vitest, Unit Testing, Integration Testing
- **Tools:** Git, GitHub, GitLab, Jira, Postman, VS Code, Chrome DevTools
- **Other:** Performance Optimization, Responsive Design, Reusable Components

Courses/ Certification

Full-stack development (Masai School)

Feb 2022 - May 2023

- Credential ID - [MASAI-FW18-0530](#)

Education

Chartered Accountancy (Intermediate Level) | ICAI

Oct 2019 - Feb 2022

Bachelor of Commerce | Utkal University

Aug 2016 - May 2019
